

WHISTLER GYMNASTICS- Pemberton 'FALL 2018' SCHEDULE

Session (12 weeks): Tues, Sept 18th to Thurs, Dec 6th, 2018

Our organization works within the recommendations of the Canadian Sport for life Institute's Long Term Athlete Development stages "LTAD" <http://sportforlife.ca/qualitysport/stages/> As part of a recreational gymnastics class, children of all ages and abilities have fun learning challenging skills; playing on interesting equipment; doing routines; or performing in a demonstration. Gymnastics is about "how the body moves", it is recognized by the International Olympic Committee as a "foundation sport" for all physical activity and sports. By PLAYing in gymnastics, babies, toddlers, children, youth and adults learn skills that prepare them to participate in almost every other sport.
