

PARENT AND TOT CAREGIVER CHECKSHEET

Active Start Parent and Tot Passtime - Exploration Gym

Supervision is the parental (caregiver) responsibility. This is non-instructed gym exploration. It is like taking your children to the playground. The coach is there to supervise the gym for safety and general gymnastic activity use. We are limited to a maximum of 20 participants so make sure you come early so as not to disappoint your child.

The coach is there to assist and provide direction so everything goes safely and smoothly. The coach is not there to instruct or to supervise individual children.

We will use the 3 times and you are out rule for continuous or flagrant lack of parental supervision; disregard for procedures or disruption of the program. Two verbal warnings will be logged. Written notice will follow and then after that program access will be denied with no pass refund.

We will immediately remove anyone intentionally endangering children or anyone being rude or disrespectful to other participants or the coaches.
